IRRIGATION & CAD (PW-Reforms) DEPARTMENT

G.O.Ms.No. 94

Dated: 10-09-2010.

Read the following:

1. From the M.D., M/s K.P.R. Fertilisers Ltd., Biccavole. Letter No. Nil, dated: 22.10.2009.
2. Govt.Memo.No.28207/Reforms-A2/2009, dated: 06-11-2009.
3. From the Engineer-in-Chief (Irrigation) Lr.No.ENC(I)/DEC IV/OTGDS/AE/Industries /KPR Fertilizers/09, dt:22-05-2010.

ORDER:

The Managing Director, M/s K.P.R. Fertilizers Ltd., Biccavole, in the reference 1st read above, has requested permission for supply of 10,00,000 liters of potable water for industrial use from Samalkot canal at the rate of 0.5 C/s through lifting by constructing a Pump house at Km 30.517 LB of Samalkot canal where an in fall sluice is existing at their own cost.

2. The Engineer-in-Chief (Irrigation), Hyderabad, in his letter 3rd read above has stated that the firm M/s KPR Fertilizers Ltd. requested for supply of 1 MLD or 0.41 cusecs of water from Samalkot canal for their fertilizes factory at Biccavole .The Superintending Engineer, Irrigation Circle, Dowlaiswaram has submitted that Firm M/s K.P.R .Fertilizers Ltd. at present is using bore well water for process in their Industry and the Bore well water contained more fluorides, hardness and total dissolved solids (TDS) etc., which was effecting their product DCP (Di-Calcium Phosphate, supplement feed for cattle and poultries) and also their process equipment such as boilers, cooling towers etc., and hence the firm requested to consider their request for allocation of 1 MLD or 0.41 C/S of water from Samalkota Canal. In this connection the Superintending Engineer, Irrigation Circle, Dowlaiswaram has also submitted that a quantity of 150 C/S was originally provided in Samalkota Canal for Industries and Drinking water purpose. From this quantity a quantity of 149.78 C/S (including and conveyance losses) had been allocated to various Industries. Further, in the Modernization of Godavari Delta System from Km 30.570 to Km 43.860 of Samalkota canal a provision of 288 Cusecs for drinking water and Industrial purpose and a separate provision of 34 C/s for conveyance losses was also made as per the Expert Committee report on Godavari Delta System in the reach where the off take point of Km 30.70 is proposed to draw water by M/s K.P.R.Fertilizers Limited. and recommended to consider the request of the Firm M/s K.P.R.Fertilizers Limited for 1 MLD i.e. 0.41 Cusecs for consumptive use from samalkot canal as the Modernization of Samalkota canal is almost completed subject to the following conditions .

Conditions:

1. The water will be spared on the availability of water in the Canal.
2. The entire cost of construction of intake well, Pump house, & pipelines excavation etc., should be borne by the Industry only.
3. Water meters or suitable measuring devices should be installed by the Industry at their own cost to measure the water consumed and should be made available to the Department authorities and the representatives of the user shall be present at all times for inspection .
4. The Industry should pay water rate at the existing rates and subject to revision by the Government from time to time .In case of failure to pay water rate/royalty the permission to draw water shall stands cancelled.
5. No field bodhi or pipe line shall be taken through or along with Government land without approval of Government and if permission accorded by the Government the lease of Government land should be paid as fixed by the Government only.

Contd....P2

6. The Industry shall obtain the prior concurrence of concerned Departments for laying pipeline and for crossings etc.
7. The Industry should make their own arrangements for supplementation of water in their premises only for the closure period of the canal.
8. The Industry should make their own arrangements to dispose the treatment effluents as per norms of Andhra Pradesh Pollution Control Board in their premises only and should obtain prior permission if any needed from Government to dispose treated effluents in the natural sources.
9. The Irrigation Department reserves the right for cancellation of the permission without assigning any reasons thereof.
10. The Irrigation Department is no way responsible for non-supply of water due to any reasons.
11. The Industry must acquire the private land for installation of pumping arrangements. If the Industry proposes to utilize Government land for installation of pump house, necessary permission is to obtain from the Government for leasing the land and the lease amount as fixed is to be paid by the Industry.
12. The water drawn from the Samalkota canal should be utilized for the purpose for which permission is granted. Any misuse in this regard will entail cancellation for the permission without any notice and liable for imposition of penalty.
13. The Industry should follow the Revenue Board Standing Orders.
14. The Industry shall pay security deposit at rate of 2.5% on Two years water charges for which permission is granted.
15. The permission shall be for a period of **2 (TWO) years** only. The permission shall have to be renewed well in advance before the expiry of permission
16. The Industry shall pay one year water charges as advance and any amounts due to the department before entering in to agreement.
17. **The Industry should follow the G.O.Ms.No. 39, I&CAD Dt 2.4.2002 and must pay royalty at the rate of Rs. 4.50 per 1000 gallons as the water is used for consumptive use or at the revised rates fixed by the Government from time to time.**
18. M/S K.P.R Fertilizers should make its own arrangements for summer storage in their premises only.
19. M/S K.P.R Fertilizers has to conclude an arrangement with the Superintending Engineer, Irrigation Circle, Dowlaiswaram.
20. A detailed plan showing the location, the intake arrangements, details of pump house, conveyance system etc., shall be furnished to the department.
21. The Industry shall abide any other conditions laid down by the Government /Department from time to time.

//3//

22. The firm has to pay the water charges for the granted quantity in advance at the start of the financial year i.e., before 10th April every year as per BSO.
 23. The Consumptive utilization of 1 MLD (12.89 MCft per Annum) as required should not exceed under any circumstances.
 24. The permission does not confirm any riparian right to the Industry.
 25. Non adherence of any of the above conditions by the Industry entails cancellation of the permission.
 26. Necessary clearance from the District Collector concerned and A.P. Pollution Control Board are to be obtained in this regard by the firm before drawl of water from the Source.
3. Government after careful examination of the proposal hereby accord permission for drawal of 1 MLD i.e., 0.41cusecs (12.89Mcft per annum) from Samalkota Canal to M/s KPR Fertilizers Ltd., Biccavole, East Godavari District for consumptive use for industrial purpose for a period of **2 (TWO) years** subject to the general conditions as stipulated at para (2) above.
4. The Engineer-in-Chief (Irrigation), Hyderabad, shall take necessary further action accordingly in the matter.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)
